Mike Doyle

Senior Associate, Quality Services @ Amazon
Bellevue, Washington, United States

Summary

Passionate computer science major with a knack for problem-solving and a love for all things tech. I have a solid foundation in object-oriented programming, data structures, and a diverse language skill set including Python, Java, C++, and C#

Experience

Amazon

Senior Associate, Quality Services - Luna

August 2022 - Present (1 year 9 months)

Seattle, Washington, United States

As a member of Amazon's cutting-edge Luna Cloud Gaming division I worked as a Quality Services Specialist. I played a pivotal role in ensuring a seamless and immersive gaming experience for Luna users. As a part of this dynamic team, I contributed to the success of Luna by testing games on the cloud gaming platform.
